Item	Qty	✓	Description
1.00	1		**Replacement memory card for Avtech Model AVR-S3-B-P-R5 Pulser, S/N 13310**

REPLACEMENT INSTRUCTIONS

1. Disconnect the power cord from the rear panel.

2. Remove the 4 screws that secure the top cover. Slide the cover off.

3. Locate the existing memory card, located under the "GATE" coaxial connector, as shown below:
4. Using tweezers, gently press the existing memory card into its connector, to release the spring-loaded mechanism. The card will then pop out. Use the tweezers to remove it fully.

5. Gently insert the replacement memory card until it clicks into place.

6. Re-install the top cover.

7. Re-install the power cord.

8. This procedure will update the firmware from v6.0.19 to v6.0.26. The replacement card has been loaded with the same configuration data, calibration data, and root password as the original card.
