INSTRUCTIONS

Model AVH-PS-MPB

Model AVH-PS-MPB converts a +15 V input supply to +135 V (5 mA max) and is specifically designed to be used with the Avtech AVH-M1 and M2 series of impulse generators.
CAUTION: The unit may fail if the output is short circuited.

Prime power:	+15 volts (± 1 V) 150 mA max.
Output:	+135 volts (± 5 V) 5 mA max.
