EUROPEAN WEEE RESPONSIBILITIES FOR DIRECT SALES

Directive 2002/96/EC of the European Union on waste electrical and electronic equipment (WEEE) mandates certain responsibilities for producers and users of electronic equipment for financing the recycling of electronic equipment. Since Avtech does not have any local subsidiaries within the European Union, responsibility for the WEEE-related obligations will be transferred to the customer, as provided for in Article 9 of Directive 2002/96/EC.

This only applies to *direct* purchases by European customers from Avtech Electrosystems in North America.

Customers who are unable or unwilling to meet these requirements should instead order from the nearest Avtech representative within the European Union. Equipements Scientifiques (ES) in France (www.es-france.com) and Schulz-Electronic GmbH in Austria, Germany, and Switzerland (www.schulz-electronic.de) will be happy to assist you. Unless otherwise arranged, the responsibility for WEEE compliance will lie with the local representative, rather than the customer.

WEEE RESPONSIBILITY AGREEMENT

European customers who wish to order directly from Avtech in North America must complete this agreement:

I, _____ (*name, printed*) am authorized to accept responsibility for WEEE compliance (as mandated in Directive 2002/96/EC of the European Union and local laws) on behalf of my institution or company, and do so, as provided for under Article 9 of Directive 2002/96/EC.

Signature: _____

Title: _____

Company: _____

Date: _____
